

California Solar Initiative Program Forum
Agenda
April 2, 2007

PG&E Auditorium, 245 Market Street, San Francisco, CA

The intent of this CSI Program Forum is to provide a public venue for interested parties to identify and discuss the highest priority issues related to the administration and implementation of the California Public Utilities Commission's portion of the CSI program and suggest consensus-based revisions to the CSI Program Handbook. This meeting will not discuss design and implementation of the California Energy Commission's New Solar Homes Partnership and its incentives for new homes.

The Forum will have a "listen-only" call-in number: 1-866-393-8073, meeting # *4379104*
